CIRCUS COMING TO TONOPAH ON JUNE THE 10TH

Gentry Brothers Famous Aggregation Entertainers Is to Give Two Shows.

Get out the old alibi about "taking the children to see the circus," for it will come in handy on June 10, when the Gentry Bros. show comes to Tonopah for two exhibitions. According to Robert W. Thompson, one of the advance men who is in the city, the management has built an entirely new organization for this season, from the stakes in the ground to the fiftieth stage of the big top; many young animals have been educated for this, their first season, while the four-footed actors of previous years have acquired considerable advanced training, with new acts all around.

Thompson reports the street parade as being a mile in length now, and it is scheduled to appear on the town square business streets at noon show day, with four bands, two calliopes and a Scottish bagpipe or organization with the overhauled drummers.

During the performance, a variety of animal acts will be shown, and the behavior of the animals will be so tame that the children will be able to approach them with human and animal blows, in abundance.

ESSAY CONTEST IS SPONSORED BY LEGION MEN

Idea Is to Encourage Higher Education Among Young People of Country.

(By Associated Press.) INDIANAPOLIS, June 2.—To encourage higher education and patriotic research among school children of the country, the American Legion is sponsoring a national essay contest which has for prizes \$1500 in scholarships. The contest opens today and closes at midnight August first.

The service men's organization has asked the co-operation of state, city and county school superintendents, seeking contribution of essays from every eligible school child. American Legion officers of Legion posts will assist the educational authorities in the effort.

All girls and boys between the ages of 12 and 18 years inclusive are eligible. The subject to be written on is "How the American Legion can best serve the nation." The rules provide that each contestant shall submit but one essay of not more than 500 words, and that essays shall be written in an affirmative and constructive way. Spelling, penmanship and neatness will be considered in judging the winners as will the age of the contestant.

County superintendents of schools are asked to name three judges to select the best essay in each county. The winning essay of the counties then will be judged by a state committee, selected by the state superintendent of schools or school commissioner, for the purpose of selecting the three best state winners. Final selection of first, second and third national prize winners will be made from the three best essays of each state, and will be announced several weeks after September 29 by the national judges, whose names will be given later.

The three national prizes will be known as American Legion scholarship awards, consisting of a first prize of \$750, second of \$500 and a third of \$250. First prize in each state will be a silver medal, with a bronze medal for second prize and additional prizes awarded in different states.

CASUALTIES OF WAR ARE FELT AT THIS TIME

Troops Wounded on Battlefields Contrasted With Suffering Following This Day

(By Associated Press.) INDIANAPOLIS, Ind., June 1.—The worst casualties suffered by American soldiers during the world war are just beginning to show themselves. By contrast troops wounded on the battlefields are lucky compared with the greatly increased casualties of today, according to C. W. Harris, an official of the American Legion's national headquarters here, in charge of ex-soldier claims against the government.

There is an average of two ex-soldier suicides a day, Mr. Harris declares, following a study of reports. These men Mr. Harris finds, almost without exception, were in the battlefields in France. These soldiers, the Legion official contends, were discharged by army doctors as normal. Since the war, however, these men, struggling for a living, have undergone mental anguish that their war-torn nerves could not withstand.

There are two ways in which the Legion hopes to minister to these mental cases and to prevent their increase, Mr. Harris points out. The Langley bill, now law, provides \$17,000,000 for the construction of new hospitals. The larger portion of this money is to be spent in creating facilities for treating the neuropsychiatric mental patients. The Legion is also preparing to petition congress to liberalize the present Sweet bill. This bill now makes it impossible for an ex-soldier to obtain government treatment for war injuries which show up more than two years after discharge from service. The Legion contends that it might easily be five years after discharging before injurious physical and mental effects of his service would appear.

The Bonanza is not afraid and dares print all the news.

OLD PREACHER PITY IS RANK OLD INJUSTICE

Divine Says Time Must Be Taken to Educate Church in Care for Its Workers.

(By Associated Press.) ATLANTIC CITY, June 1.—Asking pity for "the poor old preacher" is a "rank injustice and only succeeds in getting his position that much more despised," Rev. Dr. F. E. Smith of Indianapolis representing the Disciples of Christ, told the annual conference of interdenominational secretaries of ministerial relief of protestant churches here today.

"Time must be taken to educate the church as to the just and strategy of the care of her workers," he asserted in discussing ministerial pensions.

"The business world has long ago accepted the sound sense of such provision. It is an awkward circumstance that the church whose workers have largely brought about such benefits for the workers in business should have of all order these benefits upon her own.

"The preachers must learn to speak out, not for themselves as they mistakenly think, but for their comrades in service whose work is done. The preacher while protecting himself, in his modesty, from foolish criticism, denies the only voice that can be raised on behalf of godly men and women who have spent their all in the ministry."

WALLACE REID AT BUTLER TODAY

In these days of high rents and profiteering landlords "Rent Free" Wallace Reid's latest picture, which will be shown at the Butler today, starts you off with a happy thought and succeeds in keeping you laughing to the very finish. There is a lively plot and plenty of action, a good deal of which takes place on the roofs of two New York rooming houses.

Wallace Reid plays the young artist who shuffles for himself rather than study law in his father's office. To get the better of the rent problems, he moves up on the roof, and later reestablishes himself in a house, the owners of which are away. There he finds a mysterious note about a will, which is uncovered in the end of the story and awards the girl, whom he has met in the meantime, also a roof dweller, the home and estate of which she has been defrauded by her unscrupulous step mother. Lila Lee plays opposite Mr. Reid.

Added to the program, seven sharp shots of famous movie stars.

Tomorrow, Best Littel, in "The Idle Rich" and Smoky, in "Smoky's Twin Trouble," a two-reel comedy.

Monday, Norma Talmadge, in "The Sign on the Door."

Don't forget the dance to be given at Eagles hall Saturday night. Five-piece orchestra with "B-B" Logan manipulating the violin, and "Dutch" Helmick at the ivory. You're going, of course. M26-21.

STEPHEN BALLIET IS VISITING HIS FATHER

Stephen Balliet, 14-year-old son of Letson Balliet, was an arrival in Tonopah this morning from Mt. Tamalpais military academy in California. Stephen is glad to be back again, and in a written interview for the Bonanza he has the following to say:

"I am glad to be back and visit Tonopah again. I was born here and it seems good to again visit this great mineral region following an absence of five years. I spent three years in Des Moines, Ia., and

was a student of the high school of that city for just six months, when I left for California and entered the Mt. Tamalpais military academy. It is a splendid school and I enjoy the place very much. Instruction in mathematics, Latin and the sciences is very thorough, while the military manual is excellent training. If I should never use the military lines, it has proven beneficial, but if the occasion should present itself that I should need it, I would not have time to go and get it after the need arises."

Stephen expects to remain in Tonopah with his father.
